Summary

As a B.Tech student specializing in Computer Science and Engineering at YSR Engineering College proddaturu, I am developing a strong foundation in core technical principles. My academic journey is complemented by a passion for gen ai and data analyst, which I am eager to apply in real-world scenarios. I am actively seeking opportunities to gain practical experience and contribute to innovative projects within the tech industry.

Experience

Jun 2025 - Jul 2025

Machine Learning Engineer

Internpe

As a Machine Learning Engineer Intern at Internpe (Internship, 2025), I actively contributed to developing and implementing machine learning models. My role involved hands-on experience with data preprocessing, model training, and evaluation, demonstrating proficiency in core machine learning principles and practical application.

May 2023 - Nov 2023

Web Developer

Codeon Technologies Private Limited

As a Web Developer Intern at Codeon Technologies Private Limited (Internship, 2023-2023), I contributed to front-end development projects, applying my skills in [mention specific languages/frameworks if provided, e.g., HTML, CSS, JavaScript]. My responsibilities included [mention key tasks, e.g., assisting in the design and implementation of user interfaces, bug fixing, and collaborating with the development team]. This role allowed me to gain practical experience in a professional development environment.

Education

2023 - 2027

YSR Engineering College, Proddatur

Graduation • Sustainable Architecture • Computer Science And Engineering

Percentage - 80% • CGPA - 7.5

I am pursuing a B.Tech in Computer Science and Engineering at YSR Engineering College, Proddatur, from 2023 to 2027. This program is equipping me with a strong foundation in core computer science principles, problem-solving methodologies, and cutting-edge technologies relevant to the field.

2021 - 2023

Sri venkateshwara polytechnic college

Intermediate • Science

Percentage - 81% • CGPA - 8

Skills

- C Programming Language
- CSS
- HTML
- React.js
- JavaScript

Achievements

Attended one day National level workshop on Quantum insights

Attended a national-level workshop on Quantum Insights, enhancing my understanding of cutting-edge quantum computing concepts and their potential applications.

Attended one day National level workshop and AI/ML

Attended a national-level workshop on AI/ML, expanding my understanding of advanced machine learning techniques and their applications.
